Education

GLA University	Mathura, India
Bachelor of Technology Computer Science	Aug 2020 - June 2024
CGPA: 7.8	
Smt. Sridevi Awasiya Vidhyapeeth Intermediate Physics,	Agra, India
Chemistry, Maths & Computer Science	July 2019 - May 2020
Percentage: 89.6%	

Experience

InstaVC Technologies Pvt Ltd. | Associate Software Developer — Hyderabad, Oct 2023 - Present

- Led real-time communication features using Socket.IO to enhance user interaction.
- Developed and optimized frontend components with React.js for responsive interfaces.
- Managed and integrated S3 bucket services for file storage and retrieval, optimizing data management and scalability.
- Worked with Firebase for real-time database management in chat application while working on project.
- Assisted with real-time communication features and frontend development using React.js.
- Supported API integrations and file storage solutions with S3 for better data management.
- Implemented Local Storage and Redux for efficient state management, ensuring data persistence and smoother user experiences across sessions.
- Collaborated with cross-functional teams, effectively contributing to the completion of project tasks on time and meeting deadlines.

Skills

Programming Languages :Java , HTML , CSS , Javascript , SQL ,Object Oriented Programming(OOP)
Libraries/Frameworks: ReactJS , NodeJS , ExpressJS , Socket IO , Redux tools, Typescript
Platforms: GIT / Github , VsCode
Databases: MongoDB , SQL

Projects

EchoFlow Chat — ReactJS , Socket.IO , NodeJS , ExpressJS , MongoDB

- Developed and implemented a real-time messaging feature using Socket.IO technology.
- Ensured instantaneous communication within the EchoFlow Chat application
- Utilized the MERN stack to design and create a sleek and intuitive user interface.

Invoice Generator — ReactJs, NodeJS, ExpressJS, MongoDB, Razorpay

- Developed and implemented a real-time messaging feature using Socket.IO technology.
- Ensured instantaneous communication within the EchoFlow Chat application
- Utilized the MERN stack to design and create a sleek and intuitive user interface.

Panel Game — ReactJs, NodeJS, ExpressJS, MongoDB

- Designed and developed a dynamic quiz application using the MERN stack.
- Enabled users to participate in quizzes and receive instant feedback on their performance.

Certifications

Web Development - Udemy. Certificate in Problem
Solving Java - HackerRank. Participated in Google
KickStart (in two rounds)
